Hamilton Island

Hamilton Island is a private, Australian owned island resort located in the Whitsundays, which sits in the heart of the Great Barrier Reef. Offering a world class experience there is a range of hotel and apartment accommodation options, an 18 hole championship golf course, 20 casual and fine dining restaurant options, two day spas and a marina and its own airport where you can fly in direct from Sydney.

November in the Whitsundays offers warm sunny days with rising humidity and calm water conditions, great for sailing. Average high temperatures around 29C (84 F). Stinger season is in place so a stinger suit is recommended for swimming in ocean or beach (provided by most tour operators).
